

WINGAS AT A GLANCE.

30 years of experience in the European energy market

With its international locations, WINGAS is one of the largest natural gas suppliers in Europe.

Customers

Among our customers are municipal utilities, industrial enterprises and power plants.

For more than 20 years, we have maintained a reliable and cooperative partnership with a large number of customers.

More energy together - that's what we believe in and work towards with all our skills and expertise. Because every single employee, with all their knowledge, experience and skills, makes WINGAS your strong partner.

International business

In addition to the German market, WINGAS has its own sales offices in Belgium, Austria, the Netherlands and the Czech Republic.

1993
Foundation of WINGAS with headquarters in Kassel.

The beginning

WINGAS was founded in 1993 as a German-Russian joint venture with the objective to supply the German natural gas market, based in Kassel.

Germany

Belgium

The Netherlands

2003
International business starts with customers in Belgium.

Czech Republic

Austria

Headquarters in Kassel

Liberalisation of the gas market

To supply its customers, WINGAS draws on an increasingly diversified portfolio and procures supply from various trading points.

2015
WINGAS moves to its new headquarters at Königstor in Kassel. The shareholders commit themselves to the site in the North Hesse region.

2017 Customer portal: Flexible gas procurement online
The exercise of contractual options and the procurement of standard trading options can be handled by customers online via the portal. In addition, portal users are provided with an overview of their contracts - both graphically and in tabular form.

2022 Bundesnetzagentur takes over fiduciary
WINGAS and the entire group, which has been operating under the new name „SEFE Securing Energy for Europe GmbH“ since June 20, are under the fiduciary of the Bundesnetzagentur. On the basis of the Energy Security Act (EnSiG, § 17), it is now possible to extend the fiduciary, if required, in order to secure the business operations in the long term. Dr. Egbert Laege leads the SEFE group as Managing Director. Being part of the group of companies, WINGAS contributes significantly to the German and European gas supply.

WINGAS and the entire group, which has been operating under the new name „SEFE Securing Energy for Europe GmbH“ since June 20, are under the fiduciary of the Bundesnetzagentur. Dr. Egbert Laege leads the SEFE group as Managing Director. Being part of the group of companies, WINGAS contributes significantly to the German and European gas supply.

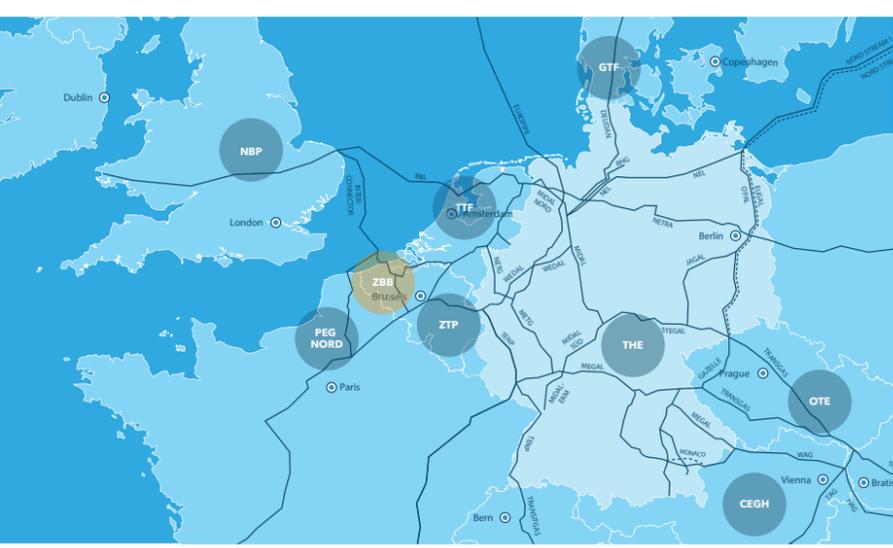

2012
WINGAS is represented in five European countries.

Intercultural competence
At WINGAS, the diversity of society in languages, cultures and lifestyles is reflected. Day by day, we bear the huge responsibility of reliably supplying our customers with natural gas. Our work together is characterised by mutual appreciation.

2019 WINGAS positions itself for the future in the market and in management
The introduction of the transaction area in the customer portal offers WINGAS customers a contemporary and flexible procurement channel. With Matthias Peter as authorised signatory, WINGAS sales are led by a manager who has been with the group for decades and is rooted in the region.

Awarded the EcoVadis Silver Badge
With its environmental and social standards, WINGAS is among the top 25 per cent of companies assessed by EcoVadis worldwide for the fourth time in a row.

WINGAS ensures supply via a diversified portfolio

Our primary goal is to ensure our customers' supply and to fulfil our contractual supply obligations. To supply our customers, we procure gas from various European trading points and can thus draw on a diversified portfolio.
