

Marketing & Storage IT Job Profile

Forecast Manager/Mathematician (m/f/x)

About us

WINGAS is one of the largest suppliers of natural gas in Germany. The energy company is active in natural gas trading in Belgium, Denmark, France, the UK, Austria, the Netherlands and the Czech Republic. Its customers include municipal utilities, regional gas suppliers, industrial firms and power plants. Please visit our website at www.wingas.com

We Offer

At WINGAS, each and every member of our team is important to us. We know that if our employees are doing well, then the company is too, which in turn benefits our customers and partners. That's why we support our staff wherever we can, so they can contribute to the success of WINGAS, as well as enjoying fantastic career development opportunities. We like our employees to be able to concentrate on their jobs, and as a responsible employer we have several initiatives in place so that the day-to-day working environment is as pleasant as possible

Role objectives

We are looking for a Forecast Manager/Mathematician (m/f/x) to join our Trading & Portfolio team. This opportunity offers working in a high energy team-oriented working environment.

Duties & Responsibilities

- Analysis, modelling and forecasting of gas consumption for balancing, risk management, sales planning and portfolio optimisation
- Development as well as enhancement of forecasting algorithms (e.g. regression, neural networks)
- Monitoring and modelling of relevant data flows (weather data, price data, load profiles) and necessary calculations in various IT systems
- Technical support as well as development of the used software
- Analysis of energy market data and consumption data
- Technical support of marketing units

Skills & Competencies

- Programming skills (e.g. C++,C#)
- Knowledge in Oracle DB preferable
- Strong communication and team attitude
- Ability to work independently and to take the initiative
- Knowledge of gas market and industry preferable
- Fluent English and German speaker
